

GSA UK Awards shortlist announcement

The Global Sourcing Association is delighted to announce the 2017 GSA UK Awards shortlist after a record number of entries. Winners will be announced on Thursday 19th October 2017 at the 5-star Intercontinental Park Lane, London.

The GSA UK Awards now in its fourteenth year recognises and celebrates the efforts of companies who have demonstrated best-practice in outsourcing.

Global Sourcing Association CEO, Kerry Hallard said:

“I’m delighted that in the year we celebrate our 30th birthday, the number of entries to the GSA UK Awards is at its highest ever. The fact that award submissions have increased year on year is a testament to the expanding breadth and depth of innovation and best practice that is taking place across the sourcing industry, with more and more examples of sourcing excellence coming to light. It’s also a resounding endorsement of the high regard with which the GSA UK Awards is held by an ever-increasing community of buyers, service providers and support organisations across the UK and globally.

I’d like to congratulate all of the entrants who have made it onto the shortlist – a significant achievement in its own right, and I wish you all the best of luck on the night!”
