

European Outsourcing Awards (EOAA) announces awards shortlist.

The European Outsourcing Association (EOA) is delighted to announce the release of the 2015 EOA Awards shortlist. Now in its sixth year, the EOA Awards recognises and celebrates the efforts of companies who have demonstrated best-practice in pan-European outsourcing.

Kerry Hallard, CEO of the NOA, commented: “We’ve had a wide variety of entrants for the EOA Awards this year, a fantastic combination of organisations demonstrating the best and brightest that European outsourcing has to offer. From the submissions received it is clear that buyers and suppliers are partnering to deliver innovation, transformation and significant value-add results. We are also seeing a number of countries across the continent making great strides as outsourcing locations, now competing with more established offshore destinations.

“Being shortlisted for the EOA Awards is a testament to having achieved something truly spectacular in the realm of outsourcing. The award winners will be announced in Lisbon on 8th October, and we’re very excited to see which partnerships and organisations will be crowned as the best of Europe’s outsourcing elite.”

The EOA Awards is taking place on the same day as the EOA Leadership Summit, for details please [click here](#).
