

GSA UK Professional Awards 2021 Winners Announced

3rd November 2021

The GSA is delighted to announce the winners of the GSA UK Professional Awards 2021. The winners were revealed in a celebratory online awards ceremony on the evening of the 2nd November.

This year saw 45 shortlisted candidates across 15 awards and the GSA received so many great and diverse submissions from across the industry.

Kerry Hallard, CEO of the Global Sourcing Association said:

“We are experiencing a huge talent crisis across the UK and this is very apparent within the technology and business services industry. As such, it is incredibly important for organisations as well as the industry to recognise and reward the talent they/we have, and the GSA Professional Awards provides the perfect platform to do just that. We have exceptional talent in this industry with individuals and teams all around the world delivering phenomenal results to UK companies. Huge congratulations to all the winners, and kudos to all those shortlisted.”

About the GSA

The Global Sourcing Association (GSA) is the industry association and professional body for the global sourcing industry, and home of the Global Sourcing Standard. Its overriding objective is the ongoing development and dissemination of the Standard and supporting portfolio of qualifications in order to improve the benefits from, and positive reputation and therefore size of, the global sourcing industry.

The GSA also serves to share best practice, trends and connections across the globe and to bring the global community together in a wholly interactive manner for the first time. The Global Sourcing Association UK, also known as GSA-UK, was formerly known as the National Outsourcing Association in the UK.

To become a member of the GSA, email admin@gsa-uk.com.
