GSA Announces the Professional Awards 2022 Shortlist

The Global Sourcing Association is delighted to announce the 2022 Professional Awards shortlist. Winners will be announced on Tuesday 22nd November at the GSA Professional Awards Celebration, following the GSA Strategic Sourcing Symposium.

The GSA Professional Awards are a distinct set of accolades recognising talent in outsourcing and shared services, showcasing individuals and function teams who make a big difference, but remain largely unsung in the wider context of the global sourcing industry.

Kerry Hallard, CEO of the GSA said:

“It is fantastic to see so many examples of such excellent teamwork and partnering from companies all around the world. The GSA Professional Awards are celebrating their 10th year and were set up to recognise the individuals and teams that deliver the vital programs of work across the technology and business services industry. It is clear that despite the widely reported global talent crisis, our industry is full of top talent and is pushing the boundaries in both buying and managing, as well as delivering innovative, value-rich programs that are transforming operations and services for companies all around the world. Congratulations to all those shortlisted.”

The shortlist in full:
